

Kit Unboxing & First Electronics

The kit comes out, gets counted, and takes its first connections.

One three-hour session. Inventory · build-sequence read · first connections · the three records · capsule design.

ORDER TODAY

SeaMATE Simple Circuits Lab Kits (for 1.4, 2+ wk lead). Confirm battery in hand.

T-1 WEEK

Charge the soldering stations. Have the kit manual printed and tabbed.

T-1 DAY

Stage a parts tray per kid, the manual, stations, notebook + camera.

T-0

Safety brief. Count before you build.

ORDER AHEAD · LEAD-TIME ALARMS

- ☐ **ORDER NOW** SeaMATE Simple Circuits Lab Kit — one per group, for Class 1.4. 2+ wk lead.
- ☐ 12 V SLA battery + charger — in hand before the wiring lessons (ordered at kickoff). (\$125)
- ☐ Capsule materials — PVC, end caps, O-rings, epoxy — for the build in Class 1.7. (\$50)
- ☐ Triggerfish kit — owned; just bring it and its printed manual.
- ☐ Notebook, pens, and a printed capsule-sketch template.

STAGE IN THE ROOM

- ☐ The SeaMATE Triggerfish kit + its printed build manual
- ☐ A parts tray or bag per kid for inventory (so nothing walks off)
- ☐ Soldering stations, solder, heat-shrink (from Class 1.2)
- ☐ Project notebook + a phone/camera for the photo log
- ☐ A laptop or device to create the GitHub org
- ☐ Paper + pencils for the capsule sketches

SET UP · SAFETY

- ☐ Power off at benches when wiring; irons in stands
- ☐ Ventilation on for soldering; heat-safe mats
- ☐ Clear bench space for laying parts out against the manual

CUE UP · IN-ROOM REFERENCE

- ☐ Triggerfish build manual — the parts list and the build sequence
- ☐ MATE soldering presentations (from 1.2) as a refresher if needed
- ☐ Instructor Notes — esp. the capsule explanation

STUDENTS BRING

- ☐ GitHub login ready (Software Lead)
- ☐ Closed-toe shoes (irons are out again)

CONFIRM · GATING

- ☐ Battery + charger in hand before the wiring lessons (1.5–1.6)
- ☐ Record owners named — repo (Software), notebook + photos (Comms)
- ☐ SeaMATE Simple Circuits Lab Kits ordered for Class 1.4

PREP OWNERS

- ☐ **CFO + ADVISOR** — order Simple Circuits Lab Kits today
- ☐ **ADVISOR** — print + tab the kit manual; charge stations (T-1 wk)
- ☐ **ADVISOR** — stage parts trays, manual, notebook (T-1 day)
- ☐ **CEO + ADVISOR** — run safety brief; assign the record owners (T-0)
