

Photo, Video & Media Release

MADISON, AL · 2026–2027 MATE ROV SEASON

I am the parent or legal guardian of the student named below, a member of Say Watt Robotics — a Madison, Alabama youth robotics program competing in the 2026–2027 MATE ROV Competition.

PERMISSION GRANTED

I grant Say Watt Robotics permission to take and use photographs, video, and audio recordings of my student during program activities — including team meetings, build sessions, pool tests, community-outreach events, and the MATE ROV regional competition. These materials may be used on:

- the Say Watt Robotics public website (saywattrobotics.org),
- team social-media accounts,
- the team's engineering notebook and marketing display submitted to MATE judges,
- updates and reports to sponsors and grant-making organizations,
- press releases about the team's accomplishments.

WHAT I UNDERSTAND

- Student last names will not be published online without separate written consent.
- Identifying location information will be limited to "Madison, Alabama."
- I may revoke this consent at any time by emailing saywattrobotics2022@gmail.com. Materials already published will be removed from the website and social media within a reasonable period; printed materials already distributed cannot be recalled.
- Neither my student nor I will receive compensation for the use of these materials, and Say Watt Robotics will receive no compensation either — these materials exist to document the team and support its 501(c)(3) mission.
